2005 National AGM News

Hosted by Saskatoon Chapter

Many thanks to the volunteers and sponsors of the Saskatchewan Chapter. The weather, accommodations and meals were fantastic! The weekend was filled with energy and new ideas during the 2 Board Meetings, Workshops and AGM.

DNA on All Newly Inspected Mares

It was voted at the 2005 AGM in SK, that all newly inspected mares will be required to have DNA on file with the CWHBA. This is part of a phase-in process to eventually require DNA for all horses in the CWHBA Studbooks.

New CWBHA Office

After 7 years with the CWHBA National Office, Anna Bateman has resigned from her contract to pursue her own expanding business. The CWHBA is pleased and excited to announce it's engagement with Holliston & Associates, a new 3 person office. The principle contacts are Anne (Allyson) Kendall and Brandy Yeager. This enthusiastic new team will be able to serve the rapid growth of the CWHBA, thus better serving the membership.
