

CWHBA AWARDS REPORT - 2011

CWHBA has been proud to sponsor National Performance Awards, including the Year End awards, for registered Canadian Warmblood horses competing in recognized competition. Horses must be registered as Canadian Warmblood; studbook entered mares and stallions are not eligible for Year End Awards, though may accumulate points towards Achievement Awards.

Awards are given in Dressage, Jumping, Eventing, Hunter and Driving. There are three levels of performance in each discipline for Year End Awards, based on Equine Canada and/or USA Equestrian standards.

2011 saw a major National Sponsor join our Awards program and offer a Leaderboard from May to October, as well as sponsor our Year End Awards. A huge vote of thanks is due **Ogilvy Equestrian** for their sponsorship of the 'CWHBA Ogilvy Equestrian Summer Circuit Awards', as well as the Year End Awards.

This report gives the Year End and Achievement Awards, as well as the Mare Production Awards. There will be a separate report for the 'CWHBA Ogilvy Equestrian Summer Circuit Awards' together with the final results for those awards.

The Mare Premium system was unveiled in 1997 at the National AGM in Mississauga, Ontario. Production awards are acknowledged in two categories: mares scoring at least 3 points based on progeny inspection and performance points, and those scoring from 5 to 9 points. Elite Mare is 10 points or more, which can also include points earned by the mare for her own inspection and/or performance results.

It was 10 years after the Elite Mare award was initially announced before the first presentations of Elite Mare and Production Premiums were made. At the National AGM held in Brandon, MB, March 2007, the association was proud to the first 5 Elite Mare Awards and many Production Awards that are listed on the web site.

This AGM, we are pleased to be able to award another 3 Elite Mare Awards. Production premium points are listed on the attached page. Mares earning 5 or more points will receive the new Production Premium stall plaque, pictured at right, which will be mailed once received from the manufacturer.
