2013 NATIONAL RIDING HORSE CHAMPIONSHIP

Scores from Across Canada will be submitted and the top horse will be awarded the National Championship. Sponsored by Karrasel Warmbloods and Apex Farms.

RIDING HORSE TEST DETAILS:

Gaits and Rideability under saddle: Horses are ridden in groups of not less than three, in school order maintaining a one or two horse length separation. A few minutes is given at the beginning for warm up. Riders will be given directions by the judges to demonstrate trot, lengthened trot, canter, lengthened canter, walk and sitting trot. Only simple figures will be required including large circles, change of rein across the diagonal and space permitting a three-loop serpentine or change of rein from one circle to another.

Test Rider Phase: An independent test rider rides each horse in all three gaits noting the following qualities: comfort in gaits, suitability of gaits for sport competition, responsiveness to the aids, attitude or disposition of the horse towards the rider, acceptance of the bridle and willingness. The test rider will take into account the horse's age and level of training (length of time under saddle) to make an assessment and assign a score. The test ride should take approximately five minutes but the test rider should take enough time to make a fair assessment

Chute Jumping Phase: A chute of not less than three jumps is used to evaluate the scope and technique over fences. Striding should be comfortable, usually one stride between jumps with one or two oxers. Height will be increased gradually and the final height will vary from horse to horse depending upon the ability demonstrated. Owners may have input

regarding the height of the jump their horse will show to the best advantage. Free jumping may take place prior to or after the under saddle phase at the discretion of the organizers. *Results have no influence on future licensing or approval of stallions.

Mare Inspection Open to all horses

7. Mare Inspection Entry Fee \$100.00

Mares must be evaluated before being entered in the studbook, and are examined at 3 years and older in hand on the triangle pattern. Mare inspections are required for: Thoroughbred, Arabian and Anglo-Arabian mares for upgrading to Pre-Mare Book II. As well, all Warmblood mares born 1992 and thereafter entering any of the CWHBA Mare Books must be inspected. (Exception- mares, which have been graded by their own Warmblood registry, may apply for direct entry to the CWHBA studbook at a cost of \$45.00).

Owners must be current CWHBA members. ORIGINAL registration papers must be presented at time of evaluation for CWHBA registered mares and a copy should be submitted at time of entry. Copy of other registrations papers must accompany the mare and be submitted. DNA must be on file or taken. Inspection is optional for Auxiliary Book mares.

Inspection for grading is a service for our breeders and it is worthwhile to help you make some breeding decisions. A wonderful marketing opportunity for your breeding program
