

Nakisha Molyneux

I'm Nakisha Molyneux, I'm 21 years old and I live in Central Alberta, Canada. I've been riding since I was 13 years old and, if you ask my parents I've always been what most would call "horse obsessed", from playing with Breyer horses at a very young age to begging my parents for riding lessons. I have always loved and had a passion for horses. I've been riding with Legacy Performance Training / Erin Stauffer for 6 years, and she is the one who originally got me into this crazy adventure! I currently own a 10 year old CWB Gelding, TW Stylus, and I'm aiming to one day be showing in the 1.10m classes on him! I ride and board at Ulterra Equestrian, Owner Cathy Chalack who is the current president for the Alberta Chapter of the CWHBA. Cathy is the one who had mentioned the opportunity to be in the International Young Breeders team through the CWHBA. Fast forward a few months and I have officially made the team, and am now also a board of Director for the Alberta chapter, as well as chair for the Young Breeders on the board. I'm so incredibly grateful for the opportunity to be representing team Canada in the Netherlands this year, and also look forward to many exciting opportunities ahead with the CWHBA.
