

My name is Hailey Larkin, I am a 22-year-old from Guelph, Ontario. I have been riding for the past 15 years and bought my first horse Fantini 4 years ago. With him, I have primarily focused on eventing but have also done some dressage and showjumping. In the future, I hope to be able to continue developing him to the upper levels of eventing. I recently completed my undergrad at the University of Guelph where I studied Molecular Biology and Genetics. I am very excited to have the opportunity to represent Canada in Denmark this summer at the International Young Breeders World Championships alongside the rest of the team. I hope to learn a lot while there and be able to use that knowledge going forward to be able to better evaluate horses on their potential as good athletes.
