

Hi I'm Vera, I'm 25 years old and I'm very excited to be entering IYB in the senior team for Canadian Warmblood this year. This will be my third and sadly my last time competing in the world championship since I'm too old next year. I'm from the Netherlands and the last two times I entered for Young KWPN. Last year I lived and worked as a working student and that's how I got to enter for the try-outs for the Canadian Warmblood.

I have been riding and working with horses since I was 7. Right now I have 7 horses, 2 of which I breed from my mare that I jumped 1.30m with. At the moment I'm not competing because I'm focusing on my studies to become a teacher.

My last time entering the world championship I would like to go out with a bang ! I will be studying very hard and use my knowledge to get my best results yet!
